Section 18A application for AMAGP - Recognition as a public benefit organisation

An application has been submitted by the National Executive Committee of the AMAGP to South African Revenue Services (SARS) in terms section 30(1) and 18A(1)(a) of the Income Tax Act, 1962 (Act No. 58 of 1962) for approval to be recognised as a Public Benefit Organisation (PBO) for purposes of tax exemption and issuing of tax-deductible receipts, for donations received from donors, respectively. Such applications, in general, involve various technical issues and proper motivation.

AMAGP is already afforded the status of a Non-Profit Organisation (NPO). The status of the requested PBO is afforded by SARS in terms of SARS legislation and should not be confused with being a NPO as the latter status is afforded by the Department of Social Development.

Further documentation as requested by SARS was submitted recently for consideration of AMAGP's application. Recognition of AMAGP as a PBO focusing on public benefit activities will, no doubt, assist to attract donors to consider donations in pursuance of AMAGP's objectives that pursue such activities.

Once SARS's decision is known, the outcome thereof will be communicated to all AMAGP members. Please support us and join the AMAGP on the website amagp.co.za.
